## NDC Impact Update

Brothers and Sisters,

March 5, 2015

Late yesterday afternoon, in response to a request for information, the Postal Service informed Local 308 that the Web CCm event notification package sent to the NPMHU on 2/20/15 was incorrect. A corrected proposed bid package to include "PSM Operation mail handler bids" has been sent to the Eastern Area Labor Department who will then forward the updated proposed bid package to the NPMHU Regional office and they will forward that information to the Local representatives. While management admits that the original bid profile was "incorrect", until we receive the updated version we will not know the changes, if any, to impact, and/or how that impacts the secondary operations from a mail handler perspective. As more information becomes available it will be disseminated to the membership. As always, if any member has any questions concerning this or any other matter please contact any Union representative.

Joseph Zelenenki

NPMHU Local 308
