

Excessing Notification

Brothers and Sisters,

On November 9, 2017 the USPS provided regional notification for the Philadelphia NDC of their intent to excess twenty eight (28) level 4's and six(6) level 5 mail handlers effective May 12, 2018. The rationale provided was “due to workload volume reduction that the USPS is experiencing”.

While this comes as no surprise based on the already discussed “F-1 scheduler results”, we still find it hard to believe based on the number of hours being worked by “non-career” employees as well as the consistent overtime being worked across all tours for an extended period of time that the Service believes they can actually reduce staffing. Local 308 President Gibson has already contacted Postal management to schedule a regional meeting to discuss the proposed impact within the Philadelphia NDC. As always as more information becomes available concerning this proposed excessing event it will be disseminated to the membership. If any member has any questions regarding this or any other matter please contact any Union representative.

In solidarity,

Joe Zelenenki
